Professional Summary

Dedicated Frontend Developer actively seeking opportunities to leverage my skills and knowledge for both organizational growth and personal and professional development. With experience in React.js and Next.js, I specialize in creating interactive and efficient user interfaces. Proficient in modern JavaScript, HTML5, CSS, and responsive design, I am experienced in all stages of the development cycle for dynamic web projects. My strong background in website development and collaboration with cross-functional teams positions me to contribute effectively to projects.

Professional Experience

FlapLive
Hyderabad, India
Software Developer – Full Time
September 2022 – Present

- Developed front-end website architecture using React.js and Next.js framework.
- Created responsive and interactive user interfaces for web applications.
- Implemented state management and component-based architecture in React projects.
- Collaborated with back-end developers to integrate RESTful APIs.
- Utilized version control systems (Git) for efficient code management.
- Optimized web applications for maximum speed and scalability.
- Participated in code reviews and contributed to team's best practices.

Sanjeev Tech
Bangalore, India
Software Developer – Internship
